

Kabale

The church was about an hour's drive from Kabale, which is in the very south-west of Uganda and we stayed in Kabale town. Bishop Nsibambi Stephen hosted us and he is such a good interpreter. We had me his wife at the Bible School near Busonga and therefore the invitation. We had a very blessed time for 3 days and so good to meet with brothers and sister who love the Lord Jesus. We were made so welcome. Bishop Stephen ministry has many churches in other parts of Uganda, some near Kasese and Pastor Monday visited us from there as security meant we were not able to visit his church. Great to all have fellowship together. There was a lot of rain but it stopped when it was required to do so and lots attended and the tent was put up to accommodate all the visitors. Thank you Bishop Stephen and your wife and Pastor Monday. We hope to visit again soon even though the drive is quite a challenge from the main road.
