

Kamuli

- Kamuli is about 75km north of Jinja and over the years many churches in that area have been visited, even in May 2024 a small church started by John and Dorothy at their home just south of Kamuli town.

It was in one church the epileptic lady who had fits 5 or more times a day was instantly healed.

Also churches off the Kamuli Road. At one a lady 3 months overdue with giving birth prayed for and she gave birth to a healthy daughter a couple of days later
