

Kasese

- Kasese is in the west of Uganda and in the shadow of mount Rwenzori, the highest mountain in Uganda and quite near the border with the Congo. We have visited 2 churches there, both in the Queen Elizabeth Game Park and either side to the road from Kasese to the Kasinga Channel. Both were off limits in 2023 due to security issues. Pastor Amos, but called Pastor Monday ,at one church and Pastor Garrette at Katwe. She has gone to be with the Lord Jesus since we were last there. Her famous comment when we arrived late having driven from Kampala. “We know you love us because you come” and the we found a church full of people. Katwe has the only salt lake in the world and they harvest the salt to make a living,. That has stopped due to very heavy rain diluting the salt. Pictures of the salt pans. We love to visit these churches, blessed times. Lots of wildlife to see
