

REPORT BY GODWIN DESIRE ABOUT THE MISSION TO WESTERN UGANDA.

My name is Mawa Godwin Desire, a Ugandan lad who got the opportunity to travel along side Pastor Michael Cadman and Edward Sepuya who is my biological father.

On the 18th of November, 2025, Pastor Edward and I met Michael Cadman at Speke Hotel in Kampala and the three of us set off for a journey to western Uganda. We visited various churches during our time that we spent there and the following are some of the churches we visited.

1. On the first day, we visited a small church found at Sutton memorial school in Mutukula where pastor Mike shared about the ways Jesus Christ brings his life into ours once we believe in Him as the Christ, the power of resurrection and also encouraged the children.

2. On the second day, we visited another church in Rushere where pastor Mike taught the people about the outcomes of Jesus' coming in one's life and how the fullness of Jesus fills all in all. He also prayed with various people which encouraged their faith.

3. On the third day, we visited Katwe pentecostal church of Uganda where pastor Mike shared about the life that Christ brings in our lives, and he also encouraged people to continue believing in Jesus Christ as the resurrected king and the Lord of lords. He finished his preaching by encouraging the people to present their bodies as living sacrifices.

4. On the fourth day, we visited another church in Kasese near lake George where pastor Mike taught about the will of God, and encourage the people to put their faith and trust in God and not in worldly things.

5. On the fifth day, we visited yet another church where pastor Mike taught us about the significance of the resurrection of Jesus. He also told us that what God has put in place never fades and it is eternal

6. On the sixth day, we visited a small church in Uganda's capital city, Kampala where pastor Mike taught about the resurrection of Jesus and His action of mediating between people and God.

7. on the seventh day, which was our final day, we visited another small church in Kampala where pastor Mike preached about the great Love of God towards His people.

8. During our journey, we were graced to see various wild life such as beautiful birds, wild life like elephants, and many more.
