

Simu Corner

Simu Corner is on the road from Mbale through Sironko on the way to Sipi Falls. It is the village near to Mount Zion School and Kunikina Joseph and his wife Allin have recently taken over work in the church and in a few months the roof has been completed in addition to the blessing of the church members. We have had Water Baptisms in the area as you can see from the photos. A bit muddy but much blessing.
