

Jinja

- Jinja is where Bishop Fred, Pastor Edward their families and many friends live and work. Healing driven church is in Walukuba which is on the edge of the main city and where Fred and Edward and others live. Unless travelling west or north every visit takes us to Jinja where the Sunset International Hotel has almost become a second home. Lots of churches in the area have been visited and last time Holy Church Ministries in Walukuba was also visited through their deacon Samson Ogee who I have known for many years at the Sunset Hotel, where he works
A few photos from churches visited in the area and from Holy Church Ministries www.revivaluganda.org/index-j.html will take you to the page about Healing Driven Ministries in Jinja
