

Mbale

- Mbale is the city, now, under the shadow of Mount Elgon and we have visited churches in the city and around for many years and we stay in Mbale when visiting churches in the surrounding area from Buyaga to Manafa, Baduda and so on. Our dear brother and sister Charles and his wife Rose Okechalive in Mbale and Rose has a small business there. Here are photos which include Emma Kidandi and his church. We have visited the University, the cathedral and the Pentecostal Bible College.
