

Rubirizi

- Rubirizi is on the road from Ishaka and Bushenyi towards Kisinga Channel and on to Kasese and the Queen Elizabeth Game Park. We have visited a few times over the years and been blessed with the faithful members and the pastor. The photos are from 2023 showing the little school they have and children and gifts I was given. A very full meeting and many for prayer, over 100. To get to the church is up a very steep hill, but we always make it by the grace of God.

There is a Bible School further down the road and half an hour into the rural area. and we have been there a couple of times. Pastors being trained and pastors from Jinja go and minister and teach there.
